LK4620**-220 Down Light Kit Installation Instructions

READ AND SAVE THESE INSTRUCTIONS

Weight: 7.5 lbs (3.4 kgs)

NOTE: This LK Accessory is to be used for the Zonix™ Ceiling Fan only.

CAUTION

Turning off wall switch is not sufficient. To reduce the risk of fire and electrical shock, be sure electricity is turned off at the main fuse box to the fan before installing the accessory.

Fig-1. Disassemble Lower Cover Assembly by removing three screws.

Fig-2. Disassemble and remove Adapter Plate, saving the screws for the next step.

Fig-3. Assemble Support Plate by securing 4 screws.

Fig-4. Attach and secure Support Socket's (black-to-black & white-to-white) wiring with wire connector.

Fig-5. Assemble Support Socket by securing three screws.

⚠ WARNING

To avoid possible shock, do not pinch wires between the Support Plate and the Support Socket.

CAUTION

Use Only 60 watts Bulbs Maximum.

Fig-6. Install the 60 watt 220V bulb (not included).

NOTE: ***When installing/removing the Light Kit, do NOT grasp the Glass, but the Metal Housing above the Glass as shown in Figure 7.***

Fig-7. Assemble the Down Light Housing Glass Assembly by twisting in the clockwise direction. Don't over-tighten.

Fig-8. Restore electrical power.
